

Remarks/Arguments

Reconsideration of the above-identified application in view of the present amendment is respectfully requested.

By the present amendment, the specification has been amended to correct informalities as suggested by the Examiner and to provide antecedent basis for the claims. Claims 2, 3, 6, and 8 have been amended. Claim 1 has been cancelled.

The specification has been amended to correct informalities as suggested by the Examiner and to provide antecedent basis for "element" and "mounting means".

Claims 3-9 were objected to as depending from a rejected claim and were indicated as being allowable if rewritten in independent form and to overcome the rejections under 35 U.S.C. 112, 2nd paragraph. Accordingly, claims 3, 6, and 8, which are rewritten in independent form and to overcome the rejections under 35 U.S.C. 112, 2nd paragraph are allowable.

Claims 2, 4-5, 7 and 9 depend from claims 3, 6, and 8 and are allowable for the same reasons as claims 3, 6, and 8 and for the specific recitations therein.

In view of the foregoing, it is respectfully submitted that the above-identified application is in condition for allowance, and allowance of the above-identified application is respectfully requested.

Please charge any deficiency or credit any overpayment in the fees for this amendment to our Deposit Account No. 20-0090.

Respectfully submitted,
